

Omar Valdez
TCEQ Senior Project Manager

Omar Valdez has a B.S. in Biochemistry from the University Of Texas and a Project Management Associates Certificate from the George Washington University School of Business. He has worked in the environmental sector since 1996 and has been a Senior Project Manager with TCEQ since 2002. He has served as a Field Chemist managing hazardous wastes at Department of Defense sites, as well as a Hazardous Materials Specialist and Lead Chemist in Hazmat teams leading emergency responses. Omar is the Health and Safety Officer of the TCEQ's Superfund Site Discovery and Assessment Program. He represents Texas and other states within EPA Region 6 in the Association of State and Territorial Solid Waste Management Officials as a member of the Removals Focus Group. Omar has been recognized as the 2009 Superfund Section Employee of the Quarter, the 2009 Remediation Division Employee of the Year, and the overall TCEQ 2010 Employee of the Year.
